## LOFT (Leap of Faith Together)

LOFT is an organization that breaks new ground with incredible success. Last year alone, it helped more than 4,000 people with tremendous challenges build lives with dignity. Amongst its over 70 housing sites across the GTA and York Region, LOFT operates one of North America's few high support residences for homeless people with addictions, mental health conditions and HIV. It offers the only abstinent post-treatment residential program for young women recovering from addictions. It is the largest provider of supportive housing to seniors with mental health challenges and/or addictions, and assists homeless people in conflict with

the law. Through LOFT's unique street outreach program, 250-300 young prostitutes get off the street and into better lives each year.
