Preacher ~ The Rev. Sky Starr, Executive Director, Out of Bounds-Grief and Trauma Support from Inside Out. OOB is a registered non-profit charity, based in Jane & Finch community, that provides culturally responsive, compassionate grief and trauma supports, education, peer support and empowerment to grieving and non-grieving persons and communities across the GTA. Gun violence is a serious issue for all people, but, especially for those whose loved ones have been killed. Let us all come together in our grief, lament our loss, proclaim our fear and anger, and then, maybe then, we can begin to seek justice and peace.
