Introduction – Our Diocese Connects

There is little doubt that Marshall McLuhan’s global village is a reality in our world today. With instant communication and ease of travel, people connect with people all over the world routinely. The church is no exception. Through these connections men and women, boys and girls gain an appreciation of the opportunities and challenges the church faces in different parts of the world and can share together in word, prayer and action the ministry of Our Lord Jesus Christ.

I knew that the Diocese of Toronto had a formal partnership with the Diocese of Grahamstown in South Africa but I was curious to know what other “informal connections” parishes had within the context of the wider Anglican world. About 80 of our parishes responded to my request to share the international relationships they have, as well as those in other parts of Canada, so that we might better understand our “connections.”

Here are the results to date and they are amazing. You can also see on the nifty Google Map we have created (www.toronto.anglican.ca/about-the-diocese/profile-of-the-diocese/our-diocese-connects/) just where parishes of the Diocese of Toronto are seeking to fulfill the mandate of the gospel imperative in Mathew 25. We are connected and engaged in partnerships around the world.

Blessings

The Right Reverend Philip Poole

*Suffragan Bishop, Diocese of Toronto
York Credit Valley*

To protect the privacy of individuals, we have included only telephone numbers and e-mail addresses already in the public domain, either through the Diocese website or that of a specific parish, though we have named the individual who submitted information to us. We hope that these contact details will be useful to you should you wish to find out more about a specific project or connection.

The information contained in this document was submitted in the last quarter of 2010 and is included as submitted.

1. Projects

Africa

Parish of Georgina

The *World Day of Prayer* this year connected us with our brothers and sisters in Africa. This is an ecumenical movement which brings Christians of diverse traditions together for a universal day of prayer. The motto of World Day of Prayer is "Informed Prayer and Prayerful Action"; promoting the belief that prayer and action are indivisible and that both hold infinite possibilities for a better world. The United Church, Salvation Army, Roman Catholic and Presbyterian neighbours joined us at St. James for this event.

St. Peter, Cobourg

St. Peter's and St. Mark's Mzuzu AIDS Orphan Care Program (MAOCP) – In the summer of 2005, The Reverend Canon Peter Walker of St. Peter's received an appeal from Archdeacon James Chifisi of our partner church St Mark's in **Mzuzu, Malawi**. Father Chifisi's church was attempting to feed 250 AIDS orphans once a month but could not meet the financial requirements to do this. Our Mzuzu AIDS Orphans' Feeding Program was our response to this appeal. The remarkable success of this Mzuzu Children's program has meant that we have been able to develop programs to help these children in health care and education and meet many crisis situations that these little ones meet on a daily basis.

St. Paul's has a longstanding relationship with *Jacaranda Farm*, **Kaduna** in **Nigeria**, which is overseen by the Archbishop of Kaduna, Nigeria, the RT. Reverend Josiah Idowu Fearon. The farm was built to house, host and provide work for Christian and Muslim youth in Nigeria in the hopes of building mutual support and understanding between the youth which will contribute to lasting peace and reconciliation between Christians and Muslims in Nigeria. St. Paul's has organized fundraising campaigns, mission's trips, visits from Archbishop Fearon and ongoing communication and involvement with the farm.

Tanzania

Church of St. Bride, Clarkson

St. Bride's has a partnership with **All Saints Anglican Church, Sumbawanga**, in the Rukwa region of **Tanzania**, the most remote and probably least serviced, in the country. Projects include a farm, orphanage, catechists program and more.

Daniel Mtweve, the Development Officer from the church is currently attending the Coady Institute in NS under sponsorship of St. Brides attending their program in Development. He will convocate on December 13, return here for a couple of days and then go home in time for Christmas.

Our wardens have drawn up a partnership agreement and our hope is that we will have it signed and returned to us when Daniel gets back home

We have become involved with other interested parties through networking; i.e. Sheridan College (the books for the nursing school (estimated value in the neighbourhood of \$10,000 --- and the Anglican "head office" in Toronto paid the \$3,000shipping costs). We raised the \$3,500.00 for Daniel's training and CIDA paid the rest (\$10,000). We have raised some \$5,000 for the orphanage in Sumbawanga and we currently sponsor three high school students (tuition \$640.00 per annum plus clothing,)etc.

Through other linkages, we have been able to work with a Rotary Club in Sherwood Park Alberta, to have the orphanage expanded/re-built (hopefully) and having accredited through Rotary International a Rotary Club in Sumbawanga, so that funds could be transferred through the Rotary Club in Alberta. Some of them will be going next month, to participate in the "build."

All in all, we at St. Bride's have been able to network our way into a number of programs; some completed and others works in progress that will have a financial impact of around \$180,000

Christ Memorial, Oshawa

Our primary international partnership is with *IN Network Uganda*, in support of a school located outside of **Kampala**, which serves over 1,200 children, many of whom have lost one or both parents to AIDS. This year we raised over \$4,000 to help build staff housing for teachers at this school, which as a rural school needs this to attract qualified teachers.

This is in addition to our 13 families who now sponsor children at this school, enabling the purchase of school uniforms, two meals a day, family support, and the children's education and vocational training.

Zimbabwe

St. Paul, Newmarket

This is a very special partnership and near and dear to St. Paul's hearts. Dr Paul Thistle lives and works in rural **Zimbabwe** with his wife Pedrinah and their two children, Alexander and James.

Dr. Thistle has personal connections with members of St. Paul's and, as friends of Dr. Thistle, St. Paul's has had numerous campaigns to support the needs of the *Howard Hospital* in the **Chiweshe communal land of Zimbabwe**. The needs for the hospital are great and it primarily survives as a result of help from outside the country.

St. Paul's was honoured to have Dr. Thistle speak to the congregation in June and was thrilled that he and his family were able to stay for a barbeque following our service.

St. Paul's continues to support Howard Hospital which is entirely dependent on outside assistance. The cost for drugs to ensure a mother does not transfer HIV to her baby is \$8.00.

Indonesia

St. Mark, Midland

St. Mark, Midland has no formal outside partnerships. This summer however the parish hosted 17 students from **Indonesia** who were in Midland to participate in *Atlantic Challenge 2010*, an international sailing competition. They lived in the parish hall for ten days prior to the competition. Before they returned home, they donated to the parish a set of 32 traditional Indonesian musical instruments, and St. Mark's now has an "Angklung" choir, similar to hand bells in that each choir member is responsible for one note. On Remembrance Day the Angklung choir played Canada. This will be posted to YouTube for our Indonesian friends. We prayed for the people of Indonesia following the recent tsunami and volcanic eruption. Several parishioners maintain contact via email and we have heard that they are all safe.

This is not a formal partnership and there is nothing faith based about it but it has been enriching for our parish to have this relationship with such delightful young men and women. The students who are Muslim asked which way faced east so they could offer their prayers in the parish hall. We all had fun together.

Guatemala

St. John's Bowmanville

St. John's Bowmanville has an informal partnership in mission with the *Arms of Jesus Children's Mission* in the village of **Parramos** in the South American country of **Guatemala**. The mission is not particularly denominational. Before going, I did try to contact the Anglican Bishop in the area but got no response.

We conducted our first international mission trip in July of 2009. The mission team leaders Tim and Sharon Maddock from St. John's Bowmanville, had also traveled there previously with people from St. John the Baptist Anglican Church, Lakefield.

Our second international mission trip to Guatemala will take place Jan. 29 – Feb 4, 2011, again through the *Arms of Jesus Children's Mission*. Each trip of about 15 people is responsible for funding 4 small houses (\$1500.00 CDN each), building, painting and dedicating them while there for our one week trip, as well as spending time with the four hundred school children in the A of J Mission School.

St. Clement, Eglinton

St. Clement's Anglican Church has partnered with Father Jean Bruno in **Haiti** since 1987. We began initially with a project to reintroduce pigs to Haiti in the mid 1980s. Haiti's original pigs were destroyed by the government in an effort to eradicate African Swine Fever. We then began to sponsor some 50 scholarships each year to support students at Father Bruno's school in **Terrier Rouge** in northern Haiti. This is an ongoing commitment. From a small school with 30 students, Father Bruno has now enrolled some 600 students. We receive photos and a page written by each child we sponsor each year. In 2007, our parishioners raised funds to provide solar panels for the school and in 2009 we raised money to supplement the panels with wind turbines, since replaced with more solar panels.

St. Clement's also provided substantial funding support in the aftermath of the Haitian hurricane and again this year, we provided relief for earthquake victims. St. Clement's parishioners visit Haiti and Father Bruno has come a number of times to preach at St. Clement's. We look forward to a return visit from Father Bruno during Lent 2011.

St. Paul's L'Amoreaux Anglican Church

In 2009, the Anglican Church of St. Paul, L'Amoreaux, in Scarborough, Ontario, entered a three-year partnership with **St. Basil the Great in Gonaives, Haiti**, launching a \$300-a-year child sponsorship campaign. The parish oversees a school - *L'Ecole de la Redemption* - since education in Haiti is primarily offered by her churches since government funds are so limited. The gift provides each child with food, a school uniform, and educational supplies. Many times, the noon day meal is the only food the children can rely on for that day. Sixty-two sponsorships have been offered so far toward a goal of 100 sponsorships.

St. Augustine of Canterbury

The Outreach Committee at St. Augustine of Canterbury, Bayview Ave. Toronto has, from time to time, sent funds to *Lucea Parish Church* in the town of **Lucea, Jamaica**. This is not done on a regular basis, but we intend to continue helping them when we can.

The Priest at that Church is the Reverend Percival Lynch and the Bishop for the area is: The Rt. Reverend Howard Gregory, Suffragan Bishop of Montego Bay, Jamaica. It is believed that this church was built in the early 1770's and is among the oldest in the Island. It is not certain who the Patron Saint is, however it is now called St. Mary based on oral tradition, but no records have been found to support this. There is a beautiful east window depicting the ascension of Our Lord which dominates the church. There is an impressive pipe organ in the gallery. A beautiful new rectory was built in 2001, and a church hall in 1966.

The congregation today is quite small, but the faithful members are still involved in:

- an active Mothers' Union
- the Brotherhood of St. Andrew, Sunday School,
- visiting the sick
- shut-ins
- the elderly
- a soup kitchen which distributes approximately 500 lunches every Tuesday to those in need in the wider Lucea community...this is done in cooperation with other churches in the town.

All Saints, King City

All Saints' King City has an international relationship with two small mission churches in the **Diocese of Cuernavaca, Mexico**. We try to raise funds for them according to their needs. In 2009 we raised funds for a new church floor, altar and baptismal font for El Calvario. We also provided funds for musical instruments for the youth of La Resurreccion. This relationship was set up for us by the Rev. Gillian Ball.
