“Early Days” Ministry Review notes - Parish leaders

What can you remember as the important considerations for choosing your new incumbent?

What were the qualities that excited you when you chose your incumbent?

After this initial period, what continues to excite you about your incumbent?

How has the congregation responded to the incumbent?

What were some things that you were able to accomplish together so far?

Working well and hard with your incumbent from now on, what can you imagine your future to be – next year, in three years, in five years?

What would you like me to take back from this meeting?

What would you like to share when we meet together with the incumbent?
