

We equip and support congregations to become vital, missional & sustainable.

We do this by providing hands-on support to churches helping them to meet the challenges and opportunities for ministry and mission wherever they are.

We resource this transformational change and tend to those churches who can't make this journey.

---

**We help parishes plan and act for their future**

- Mission Action Planning (MAP) - *creating a strategic and missional plan for ministry*
- Parish Transition Processes - *choosing a new priest*
- Fresh Start workshops - *getting started with a new priest*
- Natural Church Development - *a tool for church growth*
- Reconfigurations: Amalgamations, Mergers, Regionalizations and Closures
