

Associate Priest for St John's York Mills Anglican Church

St John's York Mills (Anglican) is looking for a full time ordained Anglican priest motivated and able to teach the Gospel to both large and small groups to work with and complement our existing team of priest in charge, children's minister and deacon, a youth leader yet to be hired. SJYM is an active church in North Toronto with a 200-year history. We have a stable, mostly older congregation, including many professional people as well as some young families. Our church was recently renovated and we have beautiful park-like grounds, a cemetery and a large parking lot. We are looking for someone who is dynamic, flexible and organized, with initiative and follow-through on projects. A person who is comfortable in the use of media, has a facility with technology, and a passion for social justice and the marginalized would be an asset. We are a welcoming parish, trying to build intergenerational Christ-centered worship services and programming. Preferred starting date by Jan 1, 2023. If you can envision this ministry, are alive with faith and work well in a team based on mutual respect, please submit your application to annecurtis@sympatico.ca by Nov 1, 2022.
