## Bishop's Parish Ministry Grant Form

### Purpose:

The Bishops of the Diocese have funds to support parish **ministry projects that do not meet the requirements of other diocesan grants** and that may previously have been funded by Area Council grants.

The focus of this funding is on **capital projects, and other parish initiatives and projects** that do not meet the requirements of other diocesan grants. For example: website design, signage, live-streaming equipment.

Funds are apportioned among the Bishops and administered at their discretion.

Each request must first be reviewed by the **Regional Dean**, who will work with applicants to ensure that requests are reasonable and within these parameters. The Regional Dean will submit completed and signed forms to the Bishops Office.
